

GO LOUD!

**AUTOMOTIVE
LED SCREENS**

Digital Signage Car Dealership

Car and automotive dealerships are increasingly embracing digital screens both within their showrooms and service centres, and for external signage.

After all, what's likely to get your customer's pulse racing more – a printed poster of the latest top-of-the-range convertible, or a stunning video of the same car sweeping along a magnificent mountain highway? Check out some examples below

Ways to use digital signage in your car dealership

Car dealership outdoor signs

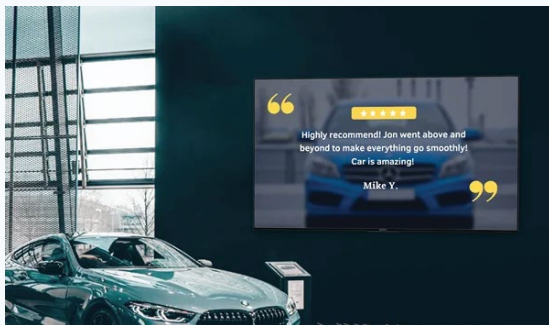

Give your clients a warm welcome

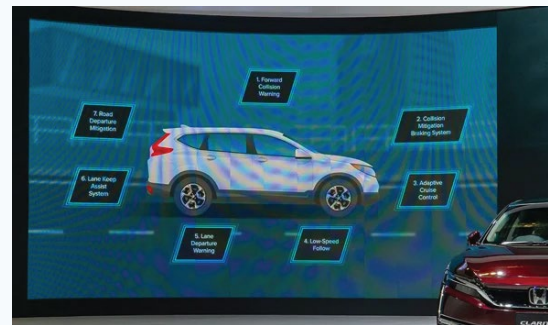

Display your inventory

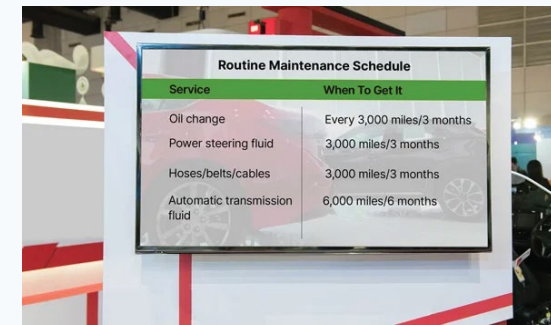

Deploy a car dealership kiosk

Client testimonials and reviews

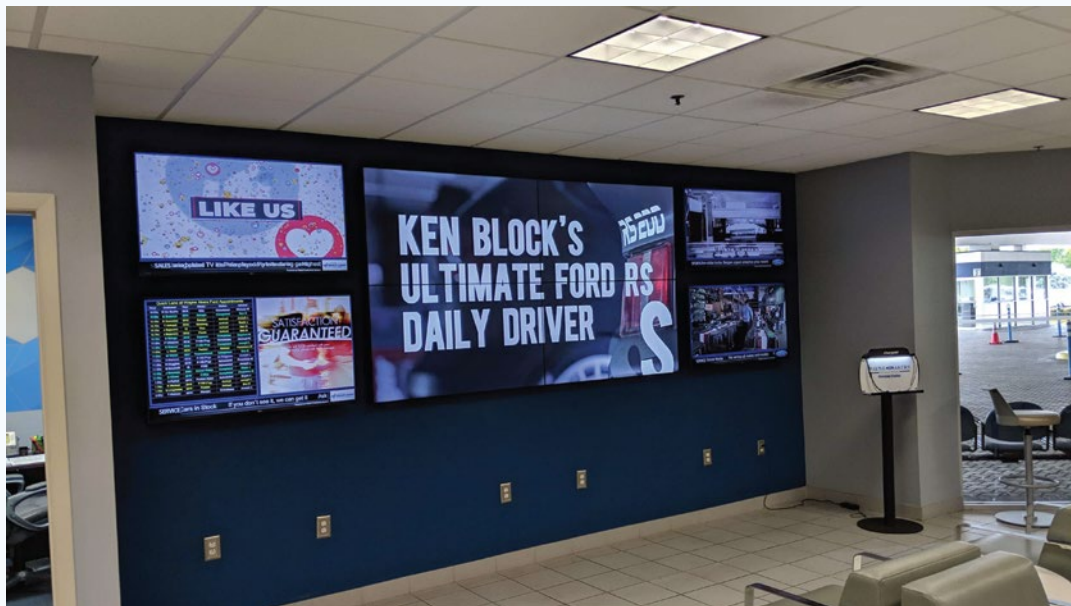

Video walls and LED screens

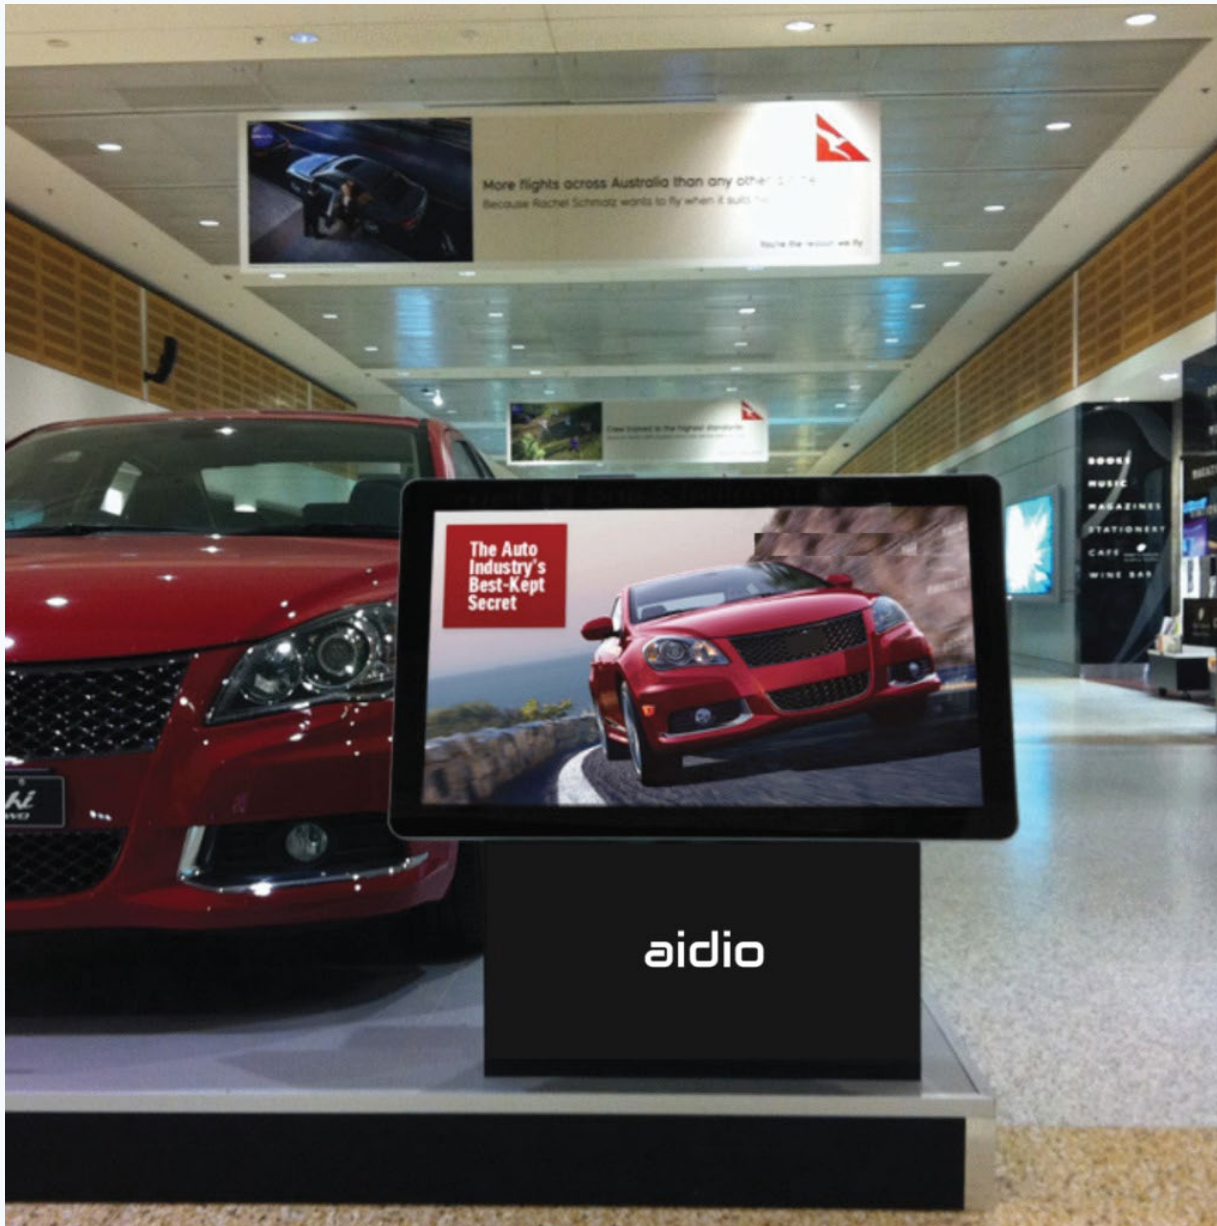

Display car maintenance schedule

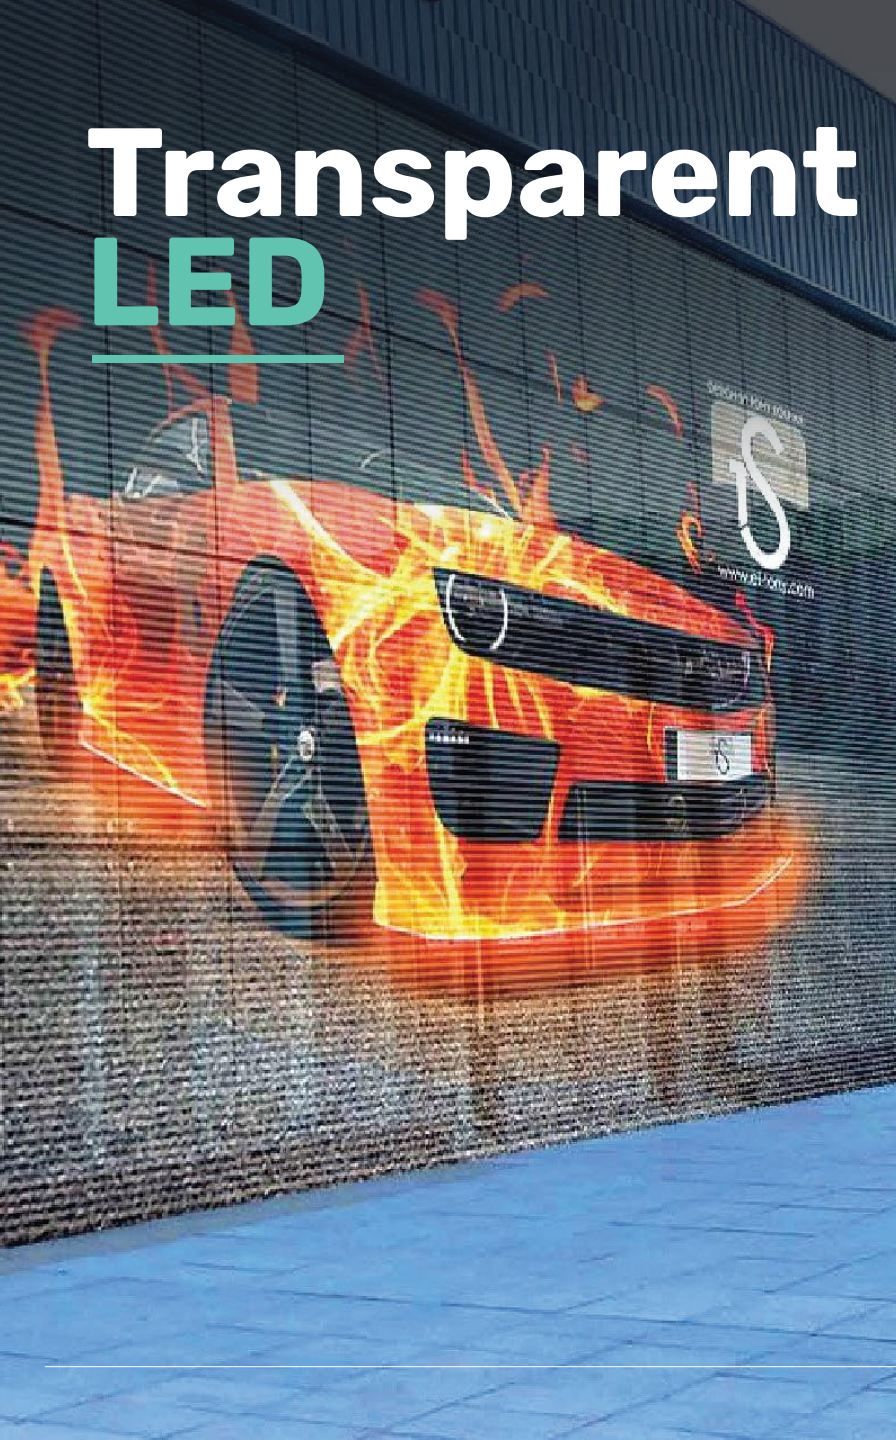

Go social

Transparent LED

The crystalloid video display solution for Commercial Ads.

High degree of transparency

Ultra-light frame

High Brightness, low power consumption

Super-slim design
